ABOUT HOLL INSTALLATIONS

OVER 30 YEARS OF KNOWLEDGE & EXPERIENCE

We have been trading as a business for over 30 years and so have built up great knowledge and experience of office refurbishments and the separate disciplines that are involved.

We are a family business that takes quality seriously in everything we do and are also able to offer a fully bespoke and personal service when required.

We keep our standards high. All our staff are trained to our highest standards with a great knowledge of traditional as well as modern techniques, which enables us to offer competitively priced office refurbishments.

We strive to offer a first class service from your initial enquiry through to the completed job or project.

Not sure what you want or what options are available in the spaces that you have?

Talk to Holl Installations and get help and advice from professionals that have a working knowledge of the latest products on the market.

We follow a strict health and safety procedure that is updated to the latest regulations. This covers things like risk assessment and method statements if we feel these are needed.

All our staff are trained to these standards.

MEZZANINE FLOORS AND THE BENEFITS THEY AFFORD

A mezzanine floor is a raised platform, often referred to as an intermediate floor, that offers numerous uses and possibilities.

Providing a cost-effective solution to issues regarding space and productivity within an office or business, mezzanine floors create a new space that is tailored to its environment. This additional space can be utilised for a whole host of flexible uses, including extra office space, more storage and an expanded production area.

OFFICE PARTITIONS

Holl Installations are an office partitions supplier for Coventry, Nuneaton and surrounding areas, providing a professional service to install your office partitions or partition wall or complete office refurbishment.

With over 30 years of experience as office partitions installers, we know how to deliver a first class service that nurtures repeat custom time after

time, with clients often recommending us to family and friends.

Whether you want a complete office refurbishment, office partitions, mezzanine floor or a suspended ceiling, we will do the complete project for you.

We have an office partitioning to suit any office environment, warehouse or factory.

Industrial single skin and double skin steel partitioning.

Aluminium framed composite office partitions and glass office partitions.

Frameless glass office partitions.

Large height fire rated partition wall options.

GIVE YOUR OFFICE OR ANY ROOM A MODERN & CONTEMPORARY FEEL WITH A SUSPENDED CEILING

Our suspended ceilings, suspended ceiling systems and suspended ceiling tiles will transform your drab and tired looking office or business premises into an aesthetically pleasing place to work.

The advantage of a suspended ceiling is that it can allow for energy-efficient insulation and it can be used to hide ugly cables and piping by running them through.

As a Coventry-based installer of suspended ceilings, suspended ceiling systems and suspended ceiling tiles, we will transform your office or business premises into a modern and contemporary environment.

Mineral fibre suspended ceiling

Our suspended ceilings and suspended ceiling systems uses mineral fibre ceiling tiles. Mineral fibre tiles provide acoustic and thermal insulation together with fire-resistant properties to reduce the spread of flames in the event of fire.

Metal suspended ceiling systems

Metal ceiling tiles use a concealed or an exposed ceiling grid and system depending on the look and feel you want. Although metal ceilings are dearer than mineral fibre suspended ceilings, they are a lot more robust and more functional.

CREATING COMMERCIAL WASHROOMS, BATHROOMS & TOILET CUBICLES

We design and build great looking commercial washrooms for any type of business.

Our service includes:

- Commercial toilet cubicles
- Glass cubicles and ducts
- Vanity units and troughs
- Full commercial washroom and bathroom refurbishment

Washroom refurbishment and toilet refurbishment are usually carried out using either pre-built cubicles or units and are available in a wide range of materials and colours.

All our commercial washrooms and toilet refurbishments are carried out to the very highest standards and we have many customers who you may wish to refer to or visit to see the quality of our work.

Contact Holl Installations interiors about your commercial washroom today.

We can also provide shower rooms, shower cubicles, washroom cubicle systems, office and restaurant washrooms.

At Holl Installations, we can provide all commercial washroom works including ventilation, plumbing, tiling, cubicle fitting, decorating and electrical work. We take care of the entire process from start to finish.

Talk to Holl Installations interiors and get help and advice from professionals that have a working knowledge of the latest products on the market.

CREATING OFFICE ENVIRONMENTS THAT YOU FEEL AT HOME IN

Whether you are in an office, factory, shop premises or a warehouse, you need a working environment that allows you to work at 100% capacity.

At Holl Installations in Coventry, it's our aim to supply high quality products, staff and installations for all types of office refurbishment.

Contact Holl Installations about your complete office fit out today.

We do everything from design, drawings and calculations through to installation with minimum disruption.

Our office refurbishment services include:

- Office partitions including partition wall and glass office partitions
- Suspended ceilings including suspended ceiling systems and suspended ceiling tiles
- Mezzanine floors including mezzanine floor installation and office mezzanine floors
- Commercial washrooms including commercial bathrooms and commercial toilet cubicles

We offer office refurbishment at the very best standards.

Our aim when starting any office refurbishment is to keep disruption of your business to the very minimum.

Every client and office environment is different so we take the time to ensure our products and our services fully match your needs for your office fit out and only then do we start creating the working environment you want.

When arranging an office fit, it is important you use a reputable company.
